The Hon. Jacinta Allan MP
Minister for Transport Infrastructure
Minister for the Suburban Rail Loop
Level 20, 1 Spring Street
Melbourne VIC 3000

Dear Minister,

Jacinta

I am writing to once again advocate for the Calder Freeway upgrades, specifically the Calder Park Drive Overpass project and additional lanes on the freeway.

As you are aware, the Calder is a vital part of Melbourne's freeway network that connects motorists from my electorate to metropolitan Melbourne.

Consequently, it experiences significant use by commercial and passenger vehicles, particularly during morning and evening peak times.

With the predicted growth in the North-West, these challenges can only be expected to escalate.

The aim is to remove any bottlenecking and significantly reduce road hazards by constructing a full diamond interchange at the Calder Park Drive intersection, as well as introduce additional lanes across the Calder, including emergency lanes.

This is an issue that is very important and close to my community.

The construction of this overpass is vital for not only the local area but also the entire Calder corridor.

We will see benefits in productivity, travel times and overall road safety.

I ask you consider this project as part of the 2021/22 budget process.

Should you wish to discuss this project please do not hesitate to contact me.

Yours sincerely,
