

Calder Action Group Meeting – 19 January 2012

Calder Freeway/Kings Road interchange (including Kings Road duplication)

Progress update

- Robertsons Road at the Calder Freeway was permanently closed in mid December with traffic detoured until the interchange opening
- Noise wall installation continuing across Robertsons Road/Calder Freeway intersection
- Direct access closure at the Keilor Public Golf Course will occur once the interchange opens
- Pavement works for the Bendigo bound and Melbourne bound on ramps complete
- The interchange is now expected to open in late January. The interchange was unable to be opened before Christmas due to some unexpected issues on site
- Final asphalt surface works and line marking at Melton Highway/Kings Road intersection almost complete
- The Kings Road duplication is now open with two lanes in each direction between Melton Highway and Palmerston Crescent

Calder Freeway safety improvements at Sunshine Avenue

Progress update

- Environmental and cultural heritage surveys are nearing completion
- Detailed design has commenced
- Community consultation is well advanced. Community feedback is currently being reviewed in developing the project plans.
- Major construction is on track to commence in the coming months and is expected to be completed by mid 2012.
