Push for overpass goes into overdrive

SUNBURY state Labor MP Josh Bull has thrown his support behind the Calder Action Group as it launches a petition ahead of the November state election.

The group has advocated for an overpass at Calder Park Drive near the Calder Raceway for a number of years.

Group president and Sunbury resident Ian Sutherland told the *Leader* a petition had been launched in recent weeks because the issue had “gone a little quiet”.

He confirmed a business case and proposal was given to the state Roads and Road Safety Minister more than a year ago.

“We believe the construction of the Calder Park Drive overpass is overdue and very necessary in the development in Brimbank and the growth in Sunbury, Gisborne and up the Calder,” Mr Sutherland said.
